

# MAESC

Mid-South Annual Engineering and Sciences Conference

October 20, 2008

Dear Colleagues:

I am pleased to announce that Christian Brothers University will host the MAESC 2009 Conference on Tuesday, May 12, 2009\*, at their beautiful campus on 650 East Parkway South in Memphis, Tennessee. As in the past, the goal of the conference is to provide a forum for engineers, scientists, and technical professionals in the mid-south region to discuss topics of importance to them.

MAESC 2009 will be a one-day conference, which will have an entire track focused on safety concerns, the theme of the conference. Other tracks will be designated for technical presentations in the various areas of engineering and the sciences. If you are a registered professional engineer, the conference will give you up to seven PDH's. Look for the Call for Participation, which will be issued in November 2008.

Updates on the conference will be posted at: <http://www.maesc.org>.

Together we can make our regional technical community stronger! We look forward to your participation.

Sincerely,

Siripong Malasri  
Conference Co-Chair\*\*
