

CBU Green Fund Advisor Form

The CBU Green Fund provides financial support for projects that seek to improve the environmental and social sustainability of the CBU community. Every project that is approved for funding must have an advisor who is a member of the full-time faculty or staff. The advisor agrees to complete this form, assist in the implementation of the project by offering advice throughout the project, and assist in the completion of any paperwork such as check requests that require a faculty/staff member's signature. By completing and signing this form you agree to serve as the advisor for this project if it is funded. The Sustainability Committee thanks you for your willingness to help strengthen our community by supporting this project.
