

# Christian Brothers University Emergency Alerts

The Mass Notification System allows students, faculty, and staff to receive emergency messages on multiple devices. Individuals may identify as many as **three telephone numbers** and one CBU email address (automatically) for receiving emergency notifications. Both voice and text messages can be sent to cell phones. Registration or updating your information is simple and straightforward.

**Emergency Phone Notifications**  
Christian Brothers University has implemented an emergency notification system to send time sensitive emergency communication to students, faculty and staff who opt in. By employing a variety of electronic communication tools, such as text messaging and e-mail, emergency messages can be sent simultaneously to registered campus community members via cell phone, home phone, and Wi-Fi-enabled devices.  
Christian Brothers University's Department of Campus Safety will use the mass notification system to provide official notification of a situation that poses an imminent, physical threat to the community.  
All information you provide to the site is private and will not be shared. CBU will only use the system in the event of a critical emergency. Registration is free, however your cell phone carrier may charge standard text messaging fees.  
Numbers deleted will be removed from the company that sends the messages the next time the system is updated.  
 Don't send me any more messages!  
Include your phone numbers without any formatting (e.g. 9012223333). You may include an Extension for each number as well. Specify if you'd prefer SMS text message notifications. Otherwise, you will receive pre-recorded audio messages.
